

NEEC REINFRA PVT LTD

Introduction

- NEEC Reinfra Pvt Ltd (NRPL) is a part of National Group of companies, established in year 2017 to transform power harnessing in solar industry with quality & world class product basket by providing ACDB-DCDB & LT panels across PAN India.
- NRPL also satisfies their believers by EV Charging station, Cable Harnessing, Plant Refurbishment & Control-Power Panel Solutions.

Fact Sheet

**36 + Years
Business
Experience**

**500 + Box
Assembly
Per Day**

**Market
Leader from
Last 4 +
Years**

**Over 800MW
Boxes Supplied
PAN India**

Harnessing Power For Sustainable Tomorrow

NEEC REINFRA PVT LTD

Residential ACDB - DCDB

ACDB-DCDB Boxes Are Prominent Components of Solar Power Plant which Protects Inverter and PV Panel From Short Circuit, Lightning & Surges.

Premium Series: MCB: Eaton , SPD : Phoenix Contact, Enclosure: Trinity Touch

**1 String - 1 Phase Combo
(Upto 3.4 KWp DC Plant)**

**2 String - 1 Phase
Combo
(4-6 KWp DC Plant)**

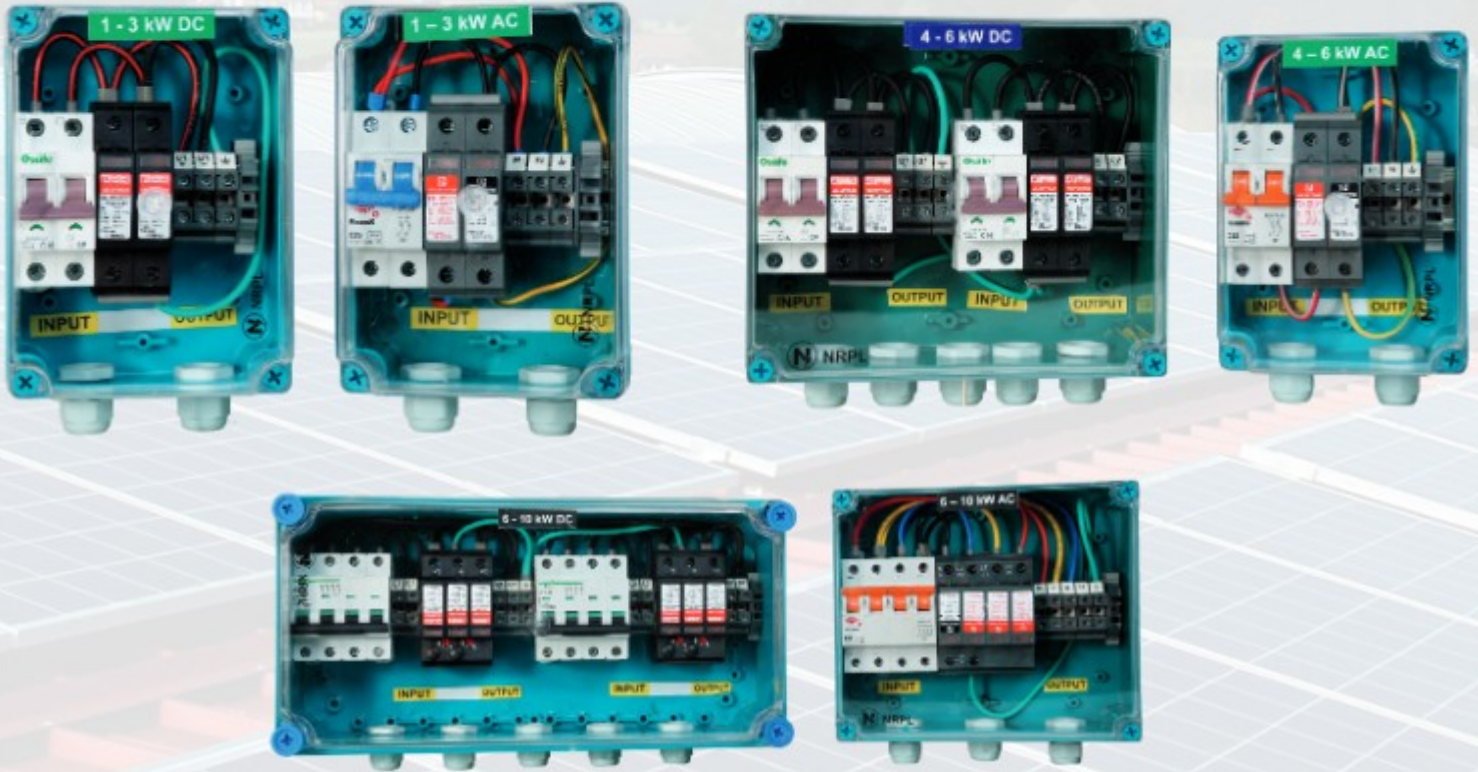

**2 String - 3 Phase
Combo
(6- 12 KWp DC Plant)**

Harnessing Power For Sustainable Tomorrow

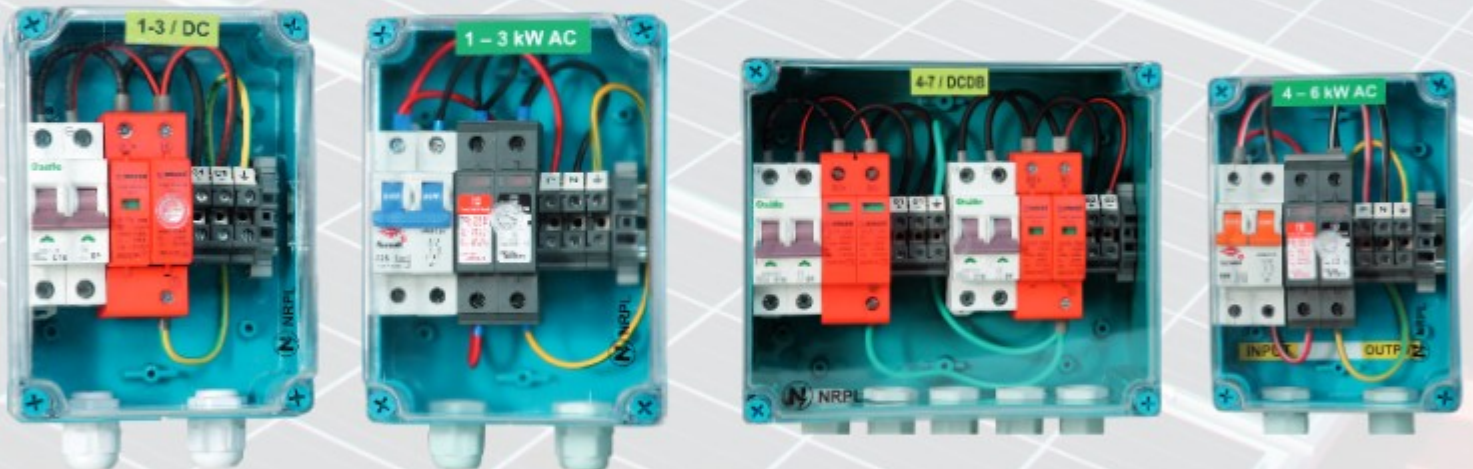

NEEC REINFRA PVT LTD

Standard Series: MCB : HPL, SPD : Phoenix
Contact, Enclosure : Posina

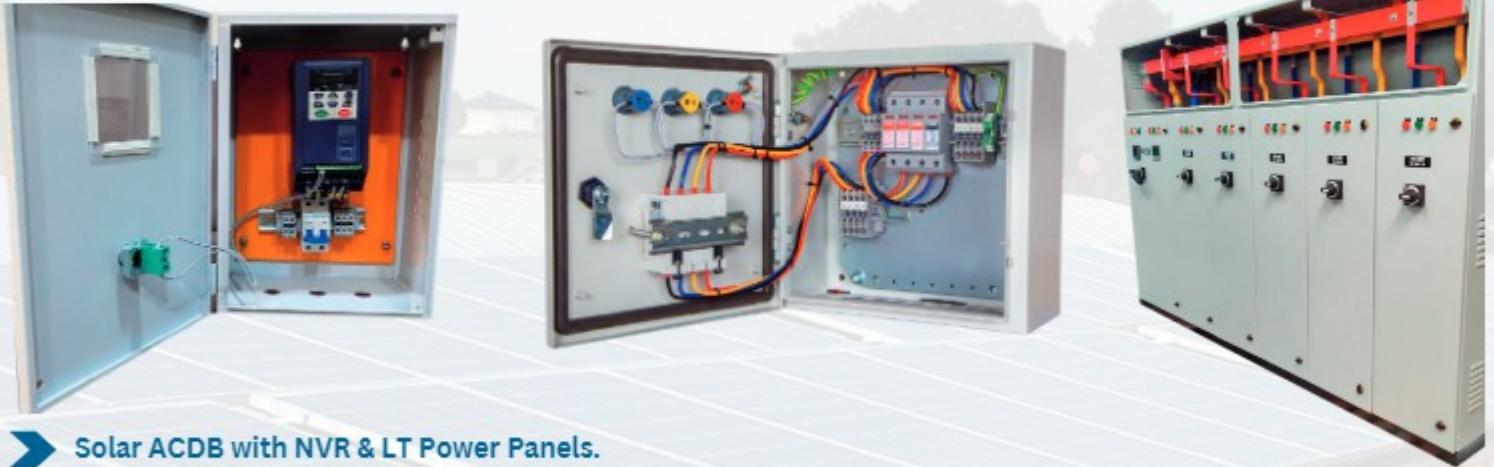

Essential Series: MCB : HPL/ Equivalent , SPD : SIBASS/
Equivalent , Enclosure : Posina/Equivalent

Harnessing Power For Sustainable Tomorrow

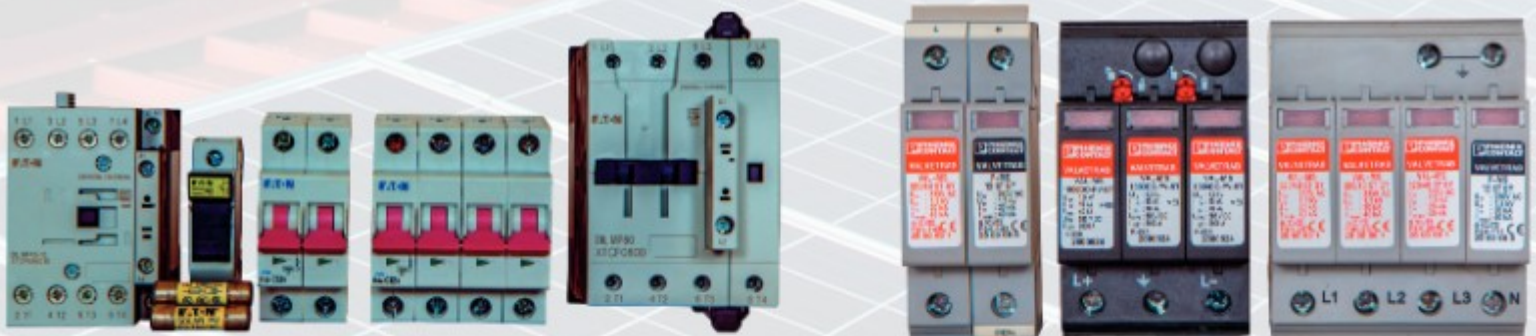

Commercial LT-HT Panel

- Solar ACDB with NVR & LT Power Panels.
- 1000 V AC Power Panel For Utility Scale Inverter Before Compact Substation.
- Solar Pump Controller Boxes For PM KUSUM Yojana.

Electrical Panel Components

Why NRPL Boxes ?

- **Credibility:** Over 800MW + Boxes Supplied PAN India with negligible product failure as per Government Norms.
- **Price:** Lowest price in industry due to strategic partnership and huge volume.
- **Prompt Supply:** Lowest lead time in industry due to well managed inventory & buffer stocking.
- **Superior Quality:** Adopt terminal marking & connection labeling practice for easy installation & zero failure at site.
- **Tailored Solution:** Customized Box offering with spring / push In terminal, Conduit gland & IP 68 waterproof hinged box.
- **Support:** Telephonic Assistance for field installation & plant design.

NEEC REINFRA PVT LTD

Our Strengths

- Power Quality Analyzing & APFC Panels.
- Electrical Vehicle DC-AC Charging Stations.
- Plant & Machine Refurbishment.
- Industrial Cable Harnessing & Assembly.
- Infrastructure Metering Power Panel & Auto DG Start Synchronizing Panel.
- VFD & Junction Box with Customized Terminal Assembly.
- Automation, SCADA & Networking Solution.
